About the Authors

- Policy is student written
- Policy is student presented
- Policy is student enforced

- This is our band, and looking after each other is everyone's responsibility

Underlying Goal

- We just want everyone to be able to have fun and to be safe.
- “It’s not a problem until it’s a problem, and then it’s a problem.”

-- Stephan Lamb

- The measures that have the biggest impact can’t be put in writing.

Common Sense Rules

- You know your limits better than anyone. Don't let yourself get past your limit.
- Remember, the actions of one individual can be reflected upon the entire band.

Common Sense Rules

- Look after your friends.
- Even if you aren't an "official" SM, you can still look out for people, give them a ride, etc.
- Be respectful of your hosts, or we might not have a place to party next time!

Conclusion

- Sign acknowledgement form.
- Risk Management Policy is printed in the Band Book, but we have a few copies if you want one now.
- Questions?
